Russlan Yupanky Espinal Otero

International Relations professional · Operations & program management · Co-founder, JR Investments
Tegucigalpa, Honduras (UTC−6) · Russlanyes17@gmail.com · +504 8763-0447 · Open to remote roles

PROFILE

International relations professional who spent three years running national-scale programs for the Government of Honduras as the Foreign Ministry's technical counterpart to the IDB, IOM, GIZ, USAID and UN agencies. Since 2026, co-founder of JR Investments, where I run operations and ship real products: a dental practice-management SaaS live in a two-location clinic, a farm-management app, a short-term-rental portfolio and websites for small businesses. Bilingual (Spanish native, English C2), comfortable representing an institution in front of ministers and multilateral banks and equally comfortable building the tool when none exists. Looking for a remote role in operations, program management, international cooperation or executive support.

CORE COMPETENCIES

Program & project management · Operations & procurement · Multi-stakeholder coordination (governments, multilaterals, private sector, civil society) · Executive representation & public speaking · Policy design & institutional reporting · Budget and cooperation-fund oversight · Product development (Next.js, Supabase, Vercel) · AI-assisted workflow automation · Data analysis & reporting

PROFESSIONAL EXPERIENCE

Ministry of Foreign Affairs and International Cooperation of Honduras (SRECI) Jul 2023 – May 2026
National Reintegration Coordinator, OFAMIR / General Directorate for the Protection of Honduran Migrants · Tegucigalpa

- Led the design and implementation of Honduras' National Reintegration Plan, the governing public policy for returned migrants, oversaw 8 municipal reintegration offices (OMRAR) and 2 national reception centres (CAMR).
- Coordinated the national emergency response under Executive Decree PCM 08-2025: logistics, reception points and inter-institutional coordination across central government, municipalities and international partners.
- Technical focal point to the National Migration Governance Council and the Ministry's lead technical counterpart to the IDB, IOM, GIZ, USAID, the MDB Coordination Platform and the UN Peacebuilding Fund.
- Led Honduras' Voluntary National Review for the Second International Migration Review Forum (United Nations, New York, 2026), consolidating data from 14+ institutions across the 23 objectives of the Global Compact for Migration.
- Designed, negotiated and monitored cooperation programs and loans financed by USAID and the IDB, plus private-sector partnerships for sustainable reintegration; contributed to State reports submitted to international bodies.
- First Honduran speaker at the MDB Coordination Platform webinar on reception of returnees (IDB, IOM Global, World Bank, 2025); panelist at eight regional forums with UNHCR, IDB/SISCA, the Regional Conference on Migration, GIZ and SwissContact (2023–2025).
- Instructor of the 40-hour Consular Affairs and Migrant Protection course at the "José Cecilio del Valle" Diplomatic Academy (2024–2025).

JR Investments Apr 2026 – Present
Co-founder & Managing Partner · Tegucigalpa / remote

Two-partner investment company organised as four connected lines (software, real estate, construction and agribusiness), with income from rentals and software reinvested through a shared business fund. I set group strategy and run operations, product delivery and client work; my partner leads engineering on shared products.

- **Software · DentalMAX —** practice-management SaaS for dental clinics (Next.js, Supabase, Vercel). Live in a two-location clinic: 600+ patient records, 330+ payments processed since July 2026, electronic receipts, financial reports, payroll and multi-clinic tenancy. Now in commercial rollout to other clinics.
- **Software · Client delivery —** websites and proposals for six small businesses (construction, legal, cleaning, landscaping, tourism) through a reusable mockup-to-launch pipeline.

- **Agribusiness · FincaMAX —** management app for a 140-manzana family cattle farm: livestock inventory, purchases, weekly cash, payroll, rainfall and animal-health calendar; live in production.
- **Real estate —** operate two Airbnb units in Roatán with automated occupancy and pricing monitoring; long-term rentals and a property-management arm are the next planned stage.
- **Construction —** work with Levy's Construction (role below) on site operations, procurement and a live materials and cost tracker; the line is planned to build the group's own rental units.
- **Operations & AI —** built Friday, the in-house AI operations assistant (Telegram, scheduled briefs, event monitoring, system integrations), plus the group's internal lending tracker and client CRM.

Levy's Construction 2026 – Present

Operations & Procurement Coordinator (part-time) · Honduras

- Supervise active job sites and crews; set daily priorities with the owner and resolve on-site issues.
- Purchase and track materials across projects, controlling cost and waste per site.
- Designed and launched the company's finance, materials and project tracker (web app), replacing paper and chat-based control.

Alliance for Peace and Justice (APJ Honduras) Jan 2020 – May 2022

Global Youth Coordinator · Tegucigalpa

- Ran youth-led social-accountability initiatives and regional platforms on peacebuilding and civic participation; organised national seminars, workshops and training courses.
- Represented youth from Denmark, the Philippines, Honduras and Zimbabwe in international forums and produced training materials used in the four countries.
- Built partnerships with civil-society organisations, cooperation agencies and global youth networks.
